Great Day and Alleluia, in the name of the Father, Son, and Holy Spirit!!! I am honored to invite all of the homeless and refugees from around the world to come and dwell in the land of God. We have more than enough for ourselves; let us share the excess with you, the poor and needy.

All you have to do is contact the United States State Department and request political and religious asylum in the land of the free and the home of the brave. Surely the United Nations can arrange for the safe passage and details of the transition. Come.

Yours Truly,
Allen Dale Hurst
