Great Day and Peace:

It brings me no pleasure to send folks to eternal damnation, I would that everyone shall repent, and change their evil ways, if not, YOU made that choice not me.

If you look-up the dis-, a prefix denoting, in general, separation, negation, or reversal: not good.

Above that you will find Dis, n, in Rom, mythology, the god of the lower world: identified with the Greek god, Pluto.

THEREFORE, It is imperative that folks know and understand, the disgusting, dishonest, distasteful, discriminatory, disgraceful, I could go on and on, but, We shall suffice it to say this: If the corporations and the people behind them do not have a change of heart and mind, then ya'all leave US no other option than to disestablish, disfranchise, disfavor, disembody, and disembowel your disobedient asses from the face of this earth. Do you comprehend?

We the People.
