

Good Day and Peace from the Father, Son, and Holy Spirit!!!

Liberty can only be enjoyed when you afford others the same freedoms that you expect for yourself. Do unto others, as you would have them, do unto you. Now, this does not give us the right to do just anything we so choose. We must use self-restraint and good judgment. These things can only come from the Word of God; after all, our very existence is a gift from Him. We did not create ourselves. We only need to examine the state of the world today, to see what a world without God is like. The condition is such, not because there is no God, but, because the people think that the Word is for another people in another time. This, comes from the folks who have been teaching and preaching the Word, for they are the ones who claim to be called to do what they do, right? The evidence, the state of the world, is conclusive. Now, I am not saying that they are wrong; they can only do what the Lord leads them to do. This, I know to be the truth; If you have the Love of God within your heart and mind, this will be reflected in your character. And the Holy Spirit will not allow you to continue on in an adulterous and perverse life style. What I AM doing and have done for the last 10 years is shown the world the truth, I have performed it, in the flesh, in order to prove without a doubt the Power and Authority of God, Creator, Owner, Father of all that is. The world, with all its influence and money, me, little old me, a hillbilly, with no formal education to speak of and no money, have done what no other man in modern history could do. And no, I am not claiming to have done anything, for this hillbilly is not capable; it is God, who has done it through me, and to me. For, I laid me down to sleep, I prayed the LORD, my soul to keep, that if I die before I wake, I pray the LORD my soul to take.

I AM not here to put you down or destroy anything except death and evil, I AM here to restore, refresh, and renew, to raise you UP to a higher plane of knowledge and understanding, to create a new Heaven and a new earth. We cannot go back, there is nothing to go back to, and the former things are passed away, never to return. So let us unite and move forward in the right direction, in the direction of Peace and Prosperity for all. There is enough for everyone, yet if you hang on to the selfishness and greed, the ways of the world, you cannot possibly see or understand this, and you too, will go the way of that world, never to return. So, let us start anew and take ownership of the problems that face us all, for we all have fallen short of the Glory of God in the past, but the past are just that, gone. This requires cooperation and participation by all, which brings us to the present, the now, today.

In Honor of Our Heavenly Father, His Sons and Daughters, His Holy Spirit, do hereby proclaim and dedicate this day; the LORDs Day, a day of Liberty for All His Children. And in their behalf, do petition the governments of the world to free them from the bondage and torment of the Law of sin and death, and remove from them the over burdensome penalty of monetary injustice. Surely, with all of your influence and intellect, you can achieve this small matter.

Now for the body of Christ, until we see JESUS descend from the clouds, which will not happen, until we come together and do the things that must be done, send me some workers who want to do the LORDs work.
