OBAMA  BIDEN

Allen --

By pitching in \$3 or whatever you can before tomorrow's fundraising deadline, you won't just be automatically entering yourself for the chance to spend an evening with President Obama at George Clooney's house -- you'll also be strengthening this organization at a critical time, right as the general election kicks off.

**Why wouldn't you give it a shot?**

We're paying for airfare and accommodations -- and you can invite a guest, too. The deadline's tomorrow, so there's really no reason not to throw your name in the hat now.

Thanks,

Rufus

Hi Allen --

Boehner is scared. He actually admitted this week that the House is up for grabs.

But if we're serious about winning a Democratic House, we need to send a million dollar message to the Republicans, the media, and everyone else that we've got what it takes to win.

The FEC deadline hits in 24 hours. We're just \$37K short. **Can you chip in \$3? It'll be triple-matched:**

Allen — Your support has allowed us to go on the air and defend the first of five Democrats Karl Rove is attacking with his \$1.2 million smear campaign. We are now \$920,000 of the way to matching him dollar for dollar, but we still need another \$280,000 before the FEC deadline in 24 hours.

Strategists and pundits on both sides are watching closely. If we can match Rove's buy, it would send a powerful message that we can go toe-to-toe with the Republicans. But it works both ways — not matching Rove would be devastating. It would signal that we can't compete with Republicans. It would send a message that the GOP can buy the White House for Romney and

the Senate for the GOP.

**[It is so important to match Rove before this FEC deadline that every gift before midnight tomorrow will be matched, doubling it's impact.](#)**

Mitt, Rove and the Kochs are smart enough to know that these five states could swing the White House and Senate, giving the GOP total control of government. And they know going on attack in April is the most effective strategy. That's why we need to counter them.

Rove's funding comes from literally a handful of billionaires. 97% of our contributions come from grassroots donors. You are the only way we can prevent Rove from buying the Republicans a victory.

**[There are just over 24 hours remaining until the FEC deadline. Please help us fight back with a contribution of \\$5 or more.](#)**

Guy Cecil
