

Good day and peace:

As promised, a little more detail about how and why, the kingdom of God is the only right answer to mans problems.

1. Because God says so.

As every living soul, sooner or later, comes to realize; Do not question God. And Jesus says; you receive not because you ask not. Confusing? Depending on one's state of submission. It is far better to simply accept the word of God, than to question it. The issue is this. In the [commandments](#). For thou shalt worship no other god: for the LORD, whose name is Jealous, is a jealous God.

Here is the question that you, as an individual must answer. Are you with God or are you against God?

In Science, it is understood that laws govern matter, and when a law is broken, there is either a minor or major event that occurs depending on the forces involved. At the atomic level humans are composed of elements, even though there may be a difference in the amounts, 7 pound infant compared to a 140 pound adult, we follow the same laws. And whether we believe them or agree with them does not matter, we cannot escape them. [E = mc<sup>2</sup>](#). This is either the [dilemma](#) or the [resolution](#) to our conflict.

We cannot continue with the neglect, of what is right and good for the future of mankind. I confess the truth, Jesus is the Son of God, and I am God. My only desire is to love you, and all I ask of you, is the same in return. Everything else is a man made lie.

I am light; in me there is no darkness.

Oh yeah, about that debt, man. Let's see, what is the going price of peace, no death, no taxes, no sickness, no hunger, no homelessness, no more manmade bovine feces? I will accept nothing less than complete and total submission.
