

HughesNet Installation Training

Introductory Letter

Dear Valued Dealer,

On the following page, you will find the HughesNet Training Registration form. Please complete this form as accurately as possible and fax to the number provided. Do not delay, as there are limited seats available and all registration forms are accepted on a first-come, first-serve basis.

- Each dealer sending an installer(s) to a training class must first complete all required documentation and Online Sales & Management Training.
- Each installer is required to complete and pass online training prior to attending a hands on course.
- Each installer must bring a Laptop computer to the installation training.

There is a onetime fee \$100.00 per installer includes training materials, classroom training, hands on training and lunch.

Each installer that successfully completes the training will be issued a Hughes Certification number once we have received the information back from HNS. Please keep in mind that this process takes 3-5 business days from the day you complete the class if all other requirements have been met.

If you have any questions concerning upcoming classes, please feel free to contact the Account Resources Team at 800-205-8620 extension 2654.

Sincerely,

HughesNetwork Systems and Perfect-10
